Brave Shavers Raise $3500

On the 12th of March 2010, 12 of Rose Bay Secondary’s bravest said goodbye to their much loved hair, including one brave teacher who shaved his legs. As well as the shavers, a number of other students helped the cause by colouring their hair, all up raising over $3500. As school captain I continued the tradition of leading the school team, shaving my head for a second time.

The brave shavers included, from Year 12: Alexander Dawes, Bruno Grlic, Stefan Carreno, Monty Krochmal, Will Quin, Eric Tomesek and myself, Jeromaia Detto. The younger years got into the spirit too with Bayley Smith, Vincent Chateauvieux and C.J. Thalouthe shaving their heads. From the teachers we had Mr. Tari get into the action as well as Mr. Horrel who chose to shave his legs instead. The colourers came from all years and included Ilea Goutin, Rose Fan, Bronte Burbury, Talara Blackwood and Caitlin O’Brien.

Three Students to Compete at State Swimming Carnival

Petra Goodall, Tommy Antoniades and Jessica Best will compete at the NSW Swimming Championships after success at the regional carnival.

Jess had a fabulous day in the pool gaining a place in every event she swam in. Jess did her school, her family and most importantly herself proud when she was announced the 16 years girls champion at the regional level.

We wish Jess, Petra and Tommy all the best when they compete at the State Swimming Carnival.

Petra Goodall, Tommy Antoniades and Jessica Best

More sports news page 17
The day was a great success with all those who participated having lots of fun. Thanks to all the Year 12 girls for helping out on the day, especially Ada Lo for her promotional work on Facebook, Cassie Watson for leading the clean up crew and Tess Thirup, Sinead Azar, Sonja Miskovic, Emma Borron and Azar Masalehdani for their brilliant shaving skills. Thanks to Josh Lawson as well for filming the event, and a big thanks to Miss Strong for helping coordinate the big day and the awesome Mohawk she gave me.

A special mention must go to Vincent Chateauvieux who raised an incredible $910. With his efforts we were able to more than triple our original goal of $1000.

A big thank you to all who supported the team by contributing to the crazy hair day as well as those who donated to see the shave take place. Hopefully next year should see another great shave as the RBSC tradition is continued.

For more information on what the Leukaemia Foundation does or to donate to the Rose Bay Secondary College team visit www.worldsgreatestshave.com.

Jeromaia Detto, Yr 12

---

**Duke Of Edinburgh Award**

Over 40 students from Years 9 and 10 have signed up for the award and will hopefully get their bronze award by the end of this year. They have to devote at least one hour per week in the areas of Fitness/Physical Recreation, Skill and Volunteering for three months and in one area for six months.

They also have to take part in an Adventurous Journey. The planning day is Monday May 17 and students must take part in this to be able to go on the journey. The practice journey is planned for Friday July 2 and Saturday July 3 on the Shoalhaven River in the Morton National Park.

There will be additional costs for transport and the hiring of an outdoor recreation leader.

Contact: Mr Bollard; 93010321 paull.bollard@det.nsw.edu.au

**Information Night for Parents of Participating Students.**

**Tuesday May 4 6.30 pm Common Room.**
From the Principal

This is the last newsletter for the term. I would like to thank all parents, students and teachers for the efforts they have made to provide quality learning at Rose Bay Secondary College.

Parent/Teacher night
Thanks to the parents of Years 7 and 11 who came to talk with the staff about their children’s learning. This was a very positive experience for both parents and teachers. The parent/teacher night for Years 8, 9 and 10 will be held on Thursday May 6 next term. We expect to introduce an online booking system.

Year 12 Half Yearly Exams
These have been held over the last three weeks of this term. We are looking forward to hearing about some fine results from the students.

Music Ensemble News
Last Saturday 27 March, the Stage Band performed at Paddington in the middle of the markets (in the church) and can hold their heads very high. The soloists were amazing - Jack Ray, Floyd Robinson, Max Garner Tucker, Frank Salmon and Vivienne Tye sang a rendition of “Satin Doll”.

Martha Zwartz, her brother Henry Zwartz and Oleeta Fogden also performed their own compositions as part of their ensemble “The Drakes”. This was an initiative from Eastside Radio. The performances were recorded and students will be invited to the station to discuss their music. Well done Luke Gilmour, our ensemble director on your efforts this term to get the band so well prepared in so little time.

Our Stage Band will perform at the Royal Easter Show on ‘The Graze Stage’.

Swimming Carnival
This year’s swimming carnival was held on a fine sunny day on 17 February at the Des Renford Swimming Centre in Maroubra. It was a wonderful day with great attendance and participation by the students and staff. Congratulations to the swimmers who were selected to represent the school at the zone and regional swimming carnivals.

Vision, Values and Education Project
This is a ground breaking student led project which is engaging the school community in dialogue about our values and vision for the college. It came about in response to the first recommendation of the program review held in 2007. The Year 10 volunteer student leadership team is doing an amazing job with this under the leadership of Ms Metson and Denise Archie from ‘the Gen Team’ who is our external facilitator. They have led focus groups with the students and staff in the school. Soon parents will be invited to come and give their voice to the project.

P&C Meeting
The next P&C meeting is to be held in the staff common room commencing at 7:30PM on Tuesday 4 May. Parents should attend these meetings. P&C meetings are one way that you can participate in the life of the College. At P&C meetings you will: receive up-to-date information about what is happening in the College; meet other parents who, like yourself are supporting adolescent children through the high-school years; have the opportunity to give your opinion about a range of matters; and have the opportunity to ask questions.

At this meeting, I will be giving an update about the progress we have made on the recommendations from the 2007 school program review.

The first day of Term 2 for students will be Tuesday 20 April.

I would like to wish everyone a happy and safe vacation.

Jim Linton
Welcome to Our New Year 7 Students

Celeste - Maroubra Bay Public

Katy - Vaucluse Public School
Matt - Bondi Beach Public School
International Women’s Day 2010

Rose Bay Secondary College acknowledged International Women’s Day on Thursday 11th March. Members of staff contributed food for a cake stall held over recess and lunch. The students relished the “treats” available, knowing the money was going to a good cause.

There are now over 1 billion people living in extreme poverty across the globe with an estimated 70% of these women. Women share the burden of poverty disproportionately, are victims of widespread discrimination and violence and put their lives at risk every time they become pregnant.

For female migrant workers the risk increases dramatically. Women constitute 70 percent of the overseas migrant workers, moving both to the Arab States and to countries in East and Southeast Asia largely for family survival. However, they continuously become victims of exploitation, abuse and discrimination.

The funds raised from our school event and other donations totaling $250 will go towards ensuring female migrant workers rights and protecting them from exploitation and discrimination when seeking employment abroad.

Ms Tesoriero
Supervisor of Girls
A Rewarding & Stimulating Experience for Vivienne at the National Youth Science Forum in Perth

In the summer holidays, I attended the National Youth Science Forum and it was one of the best experiences I have ever had. I spent two weeks in Perth with 143 other senior students from around Australia on a science-focused camp.

The selection process for the NYSF was quite tough and involved various applications as well as an interview as hundreds of students apply each year, so I was very lucky to gain a place.

At the NYSF, I attended the lectures of many high profile scientists including Lyn Beazley, the Chief Scientist of WA and went on some really cool lab visits. I was in the bio-medical focused group and some of our lab visits included going to a fertility clinic where we learnt how to count the number of sperm present in a sample as well as how to fertilise an egg ready for IVF implantation. We also went to the WA School of Dentistry and learnt how to perform a root canal. However, my favourite lab visit was going to C-Tech at the University of Western Australia, which is the surgical simulation area for the medical students of UWA. At C-Tech, we were taught how to suture wounds, apply a back-slab cast for bone fractures and to correctly intubate patients in preparation for surgery.

During my time in Perth at the NYSF, I lived like a uni student at the University of WA and as a result needed to be very independent and self-sufficient. Over the two weeks, on the other side of Australia away from my family and friends, I learnt so much about myself as a person and definitely grew as an individual.

I also got to meet some really awesome people, some of whom I know will be lifelong friends. It was absolutely amazing to have made such great connections with people I previously did not know – by the end of the two weeks everyone was really tight with each other. This wasn’t very hard surprising at all as everybody was so friendly and easy-going.

I’m so glad that I was given this opportunity to attend the National Youth Science Forum as I had that time of my life and I will definitely remember it for years to come.

Canada Exchanges

On the 2nd of September 2009 I, along with several other Australian exchange students including my sister, boarded a plane heading to Canada. I was extremely excited but also a little nervous as I had never spent such a long period of time away from my family and sister. After a very long 20 hour plane trip I arrived at the Toronto airport. From there we were all taken to our host families. As I was the only exchange student going to live in North Bay I was taken by myself by a lady from the student exchange organisation. It took 4 hours to reach North Bay! It was exhausting.

Upon my arrival, my host family was waiting for me. They were extremely welcoming and kind. My host family consisted of a mum, dad an eighteen year old daughter and a cat. Despite my host sister being three years older than me we got along very well. I would often hang out with her, her boyfriend and her friends and she would take me to the mall too. During my stay, I attended West Ferris Secondary School. I loved it there! The school went from grades 9 to 12 with around 850 students, as they have middle school from grades 7-8. I received my own locker which was massive. You could literally fit a whole person in there! As they only take four classes per semester, I took science, Canadian geography, Canadian history and media arts. I also had one period called MSIP, which everyone has. Basically it was a period in which you could catch up on homework, study for tests, read, draw, listen to music, etc. They only had one lunch break, which went for an hour. You could leave school or stay and eat in the cafeteria. My friends thought it was funny that we still have recess in high school because that is something they only have in elementary and middle school. The kids at the school were all really nice! They thought it was so cool that I was from Australia and some of them like to call me ‘Australia’ or ‘Aussie’. I loved their accents; despite the fact that they think they don’t have one. At West Ferris, football (not rugby) was very big. I went along to two of their games which were very cool, especially sitting in the bleachers to watch one of the games! They were really good too; they won the championships!

Another school event that I really enjoyed was East/West. East/West is an ice hockey competition held annually between all of the schools in North Bay. The schools are split into two teams, East and West. The East schools sat on one side of the hockey arena and the West schools on the other. Each school had to perform a two minute dance to music for points as well. Everyone dressed up in their house colours and cheered for their school and side. It was a great day!

Some highlights of my trip include going to Ottawa, trying true Canadian maple syrup, having a white Christmas and spending a weekend in Toronto and going to Canada’s Wonderland (a big theme park), and cheered for their school and side. It was a great day!

Nicola
In September 2009 I went on exchange to Canada for 5 months.

After seeing an ad for student exchange my sister and I became interested in the idea of doing an exchange program. I knew I didn’t want to go to a country in which I didn’t know the language, as it was required to have at least a basic amount of understanding- as to which I have none. I picked Canada, as it was a country I was unfamiliar with and wanted to travel to. Also, I had never seen snow.

On September 2nd I left Sydney and headed to Canada to begin my exchange. After an extremely long flight (20 hours!) I arrived in Toronto airport. There I said bye to my twin sister (who was to travel to North Bay) and headed to Ottawa on a 6 hour train trip. I had to move twice until I was put in a suitable host family. I was moved the next month to a city called Barrie which was located about an hour and a half away from Toronto.

At first it was hard adjusting to life without my family and friends, but the hardest part had to be the weather! I have always loved winter, but Canada’s winter does not compare to Australia’s in the slightest. It’s impossible to imagine how cold -20 and below is- it felt as if your fingers and toes are falling off! But after a few weeks and layering yourself in heaps of clothes it was bearable, even refreshing at times.

One of the coolest things about Canadian schools is that you don’t have to wear uniforms. The high school I attended, Innisdale Secondary School, consisted of 2000 kids from grade 9-12- it was crazy! My school began at 8am and every morning before lessons everyone would rise whilst the national anthem was played. Between classes the hallways were packed with kids, as lockers ran all along every corridor in the school. School in Canada was awesome. You were given much more freedom, such as being able to leave school for lunch and there was much more school spirit. My school had spirit days and regular football games in which most people from school attended.

I loved all my classes and the people I met. Most kids I met and in my classes loved hearing my accent- Canadians seem to love the Australian accent. I thought it was cliché how everyone said Canadians said “eh”, but they say it SO much!

One of the coolest moments in Canada was seeing snow fall for the very first time. I loved it- even when there was a blizzard or it came up past your ankles; it was such a novelty.

Although being away from my twin sister was weird, it was cool to be by myself. I was able to see her every month or so. We went to Wonderland (an awesome theme park), Ottawa (very beautiful), and Toronto, and for New Years I went and visited her in North Bay.

During my 5 months in Canada I was able to go snow tubing, watch a school football game, go to a winter dance and do what Canadian teenagers do when its -20 outside- hang out in the mall. I was also able to visit Toronto a few times as it was fairly cheap to get there and the bus ride wasn’t long. Toronto was great! I got to go up the CN Tower and see the whole city. I was also lucky enough to visit Niagara Falls with my host family for a weekend.

Overall, it was a once in a life time experience. I was able to experience another way of life and meet amazing people too, whom I still keep contact with. Sadly I wasn’t able to be in Canada for the Winter Olympics (although I saw the Olympic torch), which would have been amazing. However I plan to return to Canada in the future to do more snow activities, travel to the east coast of Canada and visit all the friends I made whilst on exchange.

Emily
ROSE BAY SECONDARY COLLEGE
presents

Footloose

JULY 27th, 28th, 29th
2010

For further info or to volunteer,
please contact Miss Alonzo
Maria.Alonzo2@det.nsw.edu.au
The NSW Premier’s Reading Challenge (PRC) 2010 is underway with most of year 7 logged on officially. Students have been enthusiastically borrowing and perusing the PRC lists. If you would like to view or download the lists they are available at: https://products.schools.nsw.edu.au/prc/booklist/home.html

If your child has not returned the signed permission slip they will not be registered officially online. Every Yr 7 student has received a note and is reminded by their English teachers and the Librarian to return as soon as possible.

Any Yr 8 and Yr 9 students interested in participating should see the Librarian or ask their English teacher for a permission slip.

What do students need to do to meet the challenge?

- Read 20 books from 1 February to 1 September, 2010.
- Books read from 1 September 2009 can count towards the 2010 challenge.
- Read 15 books from the 7-9 booklists
- Read 5 books of your own choice
- In an approved series, any two books from the series can be read as part of official PRC reading.
- Up to five other books from the same series can be read as personal choice books.

Year 7 Library Orientation

Year 7 have been shown during library orientation lessons, how to access the PRC site, how to locate books on the RBSC Library Catalogue and how to physically locate by browsing shelves and using genre and PRC stickers. Students are encouraged to read widely and regularly and are booked into the library once a fortnight to update their online reading records, borrow, read and complete activities on books read.

Students have also been introduced to subscription digital resources which are extremely useful for their research needs across a number of subject areas. In Term 2 they will learn to create workspaces on Britannica Online and access the Clickview School Bag feature. Every student was shown how to login to their email account, send and receive emails and add contacts.

Please note: If students experience problems with their RBSC username/password they must see a Computer Coordinator. DET internet passwords may be reset by any teacher in the school. Students should not reveal their RBSC username/password to other students as their copy account and funds are linked to their login details.

Students can access from home DET library enquiry and hyperlinks to the digital subscriptions under Links on the Sentral home page. Go to: http://web2.rosebay-h.schools.nsw.edu.au. They can also access RBSC Library Catalogue (called My Library on portal page) and shortcuts to the NSW Premier’s Reading Challenge on their DET portal page.

School Photos

School photos will be available and distributed early Term 2. Group photos (including SRC, Captains, friendship, music, sporting, international students, library monitors and Yr 12 muckup) are available for viewing in the library. They are $10 each, students must order through the library. Payment can be made by cash, cheque, Mastercard or VISA.

The Library Monitors for 2010. Pictures of most of them are included in this report.
Students can approach them for loans and returns, help with searching for books using DET Library Enquiry or assistance with printing and copying. Our monitors are mature, efficient students who enjoy servicing the school community. We have a monitor morning tea once a term where they offer feedback from a student perspective for enhancement of library services. They will be working on a library blog initiative to promote student reading and a cultural and community event newsletter for students.

**Student Id cards** (are also their library borrower’s cards)
Yr 9 students will need to apply for their Student ID cards, if they do not already have one (they were all issued a free of charge card in Yr 7 2008), in order to access technical support services when they are issued their netbooks. Later in the year wireless printing will be available for netbook users who hold an ID card with funds deposited into copy account.

N.B. ALL students should have an ID card with funds (deposited at finance) if they wish to print / copy in the library.

**RBSC and Links with local libraries.**
Visit Double Bay Central Library 10-16 April or Paddington Library 19-30 April to see artwork from the youth of Urban Arts Base. Urban Arts Base provides a fun and youth friendly environment where young people recovering from mental health issues can regain their confidence and skills. Free admission and no bookings required. For more information contact the Woollahra Library & Information Service on 9391 7100 or visit www.woollahra.nsw.gov.au.

Ms Efthimiou
Teacher Librarian and Library Staff
Teen Talk:
A fun interactive environment to build confidence and develop exceptional public speaking and communication skills, incorporating presentation and writing workshops. Year 7 - 9

Ready 4 Life:
Preparing young people for success in life this fun, interactive workshop includes preparing and delivering attention grabbing speeches, interview preparation, effective communication skills and money management. Year 10 - 12

THE BENEFITS:
• Grow confidence and self esteem
• Overcome shyness
• Advance socialisation skills
• Build lifelong communication skills
• Unleash positive energy
• Develop writing skills

The younger we learn to speak with confidence in public the easier, however it is never too late, so why not join our PARENT CLASSES!

For more information and to FREE ASSESSMENT please ring Meryl on 0419 204 248
On Thursday the 25th of March, Rose Bay Secondary College held its first ALL SPORTS ASSEMBLY, recognising students who contributed to the School Swimming Carnival, the Zone Swimming Carnival and the Regional Swimming Carnival as well as Wednesday Afternoon Sport and all House Captains.

**House Captains for 2010**

**Clark**
- Junior - Ronnie Ostrovsky and Dannielle Kedar
- Senior - Tanya Mazur and Kyle Borg

**Bennelong**
- Junior - Sophie Erasmus and Daviv Vinner
- Senior - Ilan Godin and Billie Hobbs-Wypch

**Dunbar**
- Junior - Paris Rovedi and Lewis Woolridge
- Senior - Oscar Henfrey and Anthony Yu

**Denison**
- Junior - Karla Hayes and Oscar Irwin
- Senior - Mat Komlejenovic and Tamara Cohen-Galor

**SCHOOL SWIMMING CARNIVAL**

As you are all aware, in week 4, this term we held our Rose Bay Secondary College carnival at the Des Renford Aquatic centre. We had a glorious day, weatherwise and the number of students who came to the carnival and those who participated in events was at an all time high. It was great to see so many students embracing the house spirit, chanting war-cries, wearing proudly their house colours and cheering on their fellow house comrades in their swimming races. We were able to hold novelty races this year which were fun and exciting and we had hundreds of students lining up to be involved. I was very proud to see such great participation and enthusiasm amongst all carnival-goers.

ZONE AGE CHAMPIONS

• Tommy Antoniades – Boys 14 Years  • Jessica Best – Girls 16 Years

Over all, Rose Bay Secondary College won the Girls Shield for the Eastern Suburbs Zone School Champions 2010. The shield is awarded to the school with the greatest amount of points at the end of the carnival relative to the amount of students in the school. This is the first time in MANY years Rose Bay has won this shield. Huge congratulations to the whole team especially Tommy and Jess and all the girls who swam on the day.

THE REGIONAL SWIMMING CARNIVAL

Out of the 95 or so events, Rose Bay entered in 45 of them with all swimmers including reserves swimming. Huge congratulations to the three students who succeeded to state level: Tommy Antoniades, Petra Goodall and Jessica Best

Open Rugby League Report

On Thursday 11th March a fit and well drilled Rose Bay Secondary College open rugby league team travelled to Cronulla High School to compete in the University Shield.

This fine group of young men have been training diligently throughout the term. They have demonstrated a commitment to improving their rugby league skills and this commitment has resulted in some great improvements. Roughly half of the squad of twenty have never played a game of rugby league before and they are to be commended for committing to the team and the sport. These novices have done extremely well at training and were very keen to challenge themselves in a game situation.

Come game day the team had only one mantra: “Each and every player play to the best of their ability”, I am very proud to report that this is exactly what happened. Each and every boy played to the best of their ability on the day. The highlight was certainly seeing the students who have never played before doing big hits up and great tackles on the opposition. Special mention must be made of Jerro (our school captain) who in his first game of rugby league looked like a natural; doing one of the biggest tackles of the day on the biggest bloke on the field!

The team as a whole, made up of some rugby league players, some AFL, some soccer players and even some gridiron players did exceptionally well. The team achieved back to back sets of six on a couple of occasions and their defence was excellent.

The team consisted of the following students:
Monty Krochmal, Eric Tomesek, Jack Priest, Elliot Rovedi, Jonathan Lui, Callum Moritsen, Kerby Lofts (captain), Toby Lei, Relja Vukoman, Carl Wave, Mark Graham, Hayden Forscutt, Ilan Godin (vice captain), Jeromaia Detto, Kyle Borg, Bruno Grlic, Alex Dawes, Luke Graham, Josh Godin, Joseph Donaghy

Two more special mentions must be made. The two year ten boys, Luke Graham and Josh Godin have demonstrated wonderful school spirit in attending every training run with great enthusiasm and for competing against older and bigger boys on the day. Secondly, the core experienced group of Kerby Lofts, Ilan Godin and Toby Lei must be commended for their commitment to the team. All of these boys have played high level rugby league and they used all of this experience during training and on game day to the great benefit of the team. Not only was their contribution on the field of an extremely high level but they also led the team and assisted the other players during the game extremely well.

It was very gratifying on the day to see the Rose Bay boys play so well and enjoy themselves. Both the coach of the other team and the referee commented on how well our boys played for their experience levels and also how they played with great sportsmanship. Indeed, I have coached many school teams over the years of very many different levels but this group of boys have been one of the most enjoyable to work with. They are keen, motivated and willing to learn which has culminated in them developing their skills to a very good level in a very short period of time.

Lastly, I would like to thank Mr Horrell for assisting the team on the day. Mr Horrell and Mr Pickering will now co-coach this team as I will be on leave in term two. I wish the boys all the very best for their up coming game against St Marys.

Mr I. Godby
Open Rugby League Coach 2010

OK .... For the record the score was 36 – 0 in favour of Cronulla High School.
So You Think You Can Dance
For work experience at school I was successfully selected to participate in the So You Think You Can Dance crew team. This included working behind the scenes in the production office, working on the set design and the props used in certain dance pieces. Throughout my week there I got to meet and become friends with the dance cast and crew and enjoyed every minute of it, from cleaning out the judges rooms and watching rehearsals to being the chair judge during rehearsal. I was able to gain lots of skills and secrets of the entertainment industry. So You Think You Can Dance experience has influenced me to seek a career on stage.

Rodney Year 11

Taronga Zoo

I did work experience at Taronga Zoo in the Veterinary and Quarantine division. It was quite a challenge to get up at 5:00 am every morning, catch a bus when it was still dark and then take a ferry in the cold across the harbour. On the first day, Monday 1st March, it was the day of the nude photo shoot on the steps of the Sydney Opera House. So when I was on the ferry, I said “Woah, someone’s left a whole lot of pig carcases on the steps of the Opera House”. And then they stood up.

I was first introduced to all the staff and then was shown around the place. There was four different sections of the Division: WIC (Wildlife Intensive Care), Rehab, Quarantine and some offices. I was stationed on WIC and Rehab three times and Quarantine once. My duties were to clean, prepare food (including fish, squid, mice, baby chicks, insects and fruit and vegetables), cleaning out enclosures and providing fresh tree branches for the enclosures. While I was there, I encountered little penguins, sooty terns, a powerful owl, a tree kangaroo, brushtail possums, ringtail possums, sea turtles, guinea pigs, a phascogale, a lace monitor, wombats, quolls and a cotton top tamarin.

I also got to watch some medical procedures on a Powerful Owl and also a Plume Duck. It was very interesting to watch how they restrain, anesthetise, vaccinate and take care of all of these animals. All their enclosures get cleaned out every day and they all get fresh water and food everyday. I got to make a diagnosis on the Powerful Owl, which was a fractured femur.

At lunch time I met up with the other work experience kids and we ate lunch at some of the other enclosures. We all got about 1 hour of lunch and we sat and talked about all the things we had been doing. I really enjoyed my time at Taronga Zoo, which was great experience.

Dominique Year 10
UNSW Evening Seminar

Jeromaia Detto and Mr Manganaro attended a seminar held at the University of New South Wales, Kensington Campus on Saturday 21st March 2010. A representative from the campus spoke to an audience of current Year 12 students and parents from around the Sydney metropolitan area.

It was an interesting evening, as it gave students an insight into why they should consider the University of New South Wales for their undergraduate study. The evening was designed to introduce to the students an extensive range of undergraduate programs available, helping the students make a very important decision.

We discovered how a degree at UNSW gives you direct access to internationally renowned academics. The campus also accommodates their students with access to their state-of-the-art sport and recreation facilities. As well as social, music and artistic events, that attracts thousands of people from around Australia.

That evening we were all invited to a concert of the Australian Chamber Orchestra, ending the evening on a high note.

Ed Manganaro

Sport Workshops for schools

Tues May 11 Sydney Olympic Park

Visit www.sportnsw.com.au
Careers in Sport Workshops
Do you want to work in sport? This interactive day will look at the wide range of sporting careers available. Guest speakers from a variety of sports will then add their ‘real life’ experiences of working in sport. Students will leave with a wider insight into the range of careers in the sports world. Also suitable for students studying: SLR Modules: Social Perspectives of Games and Sport and PASS Modules: Opportunities and pathways in physical activity and sport.

Program for each day
10 am – 2.30pm Speakers and interactive workshops
12.30 – 1pm Lunch – please bring your own or buy in the Park
1pm – 2.30pm Swimming or guided tour of Sydney Olympic Park

$30 per student

To participate, students should pay $30 to the office and return a signed permission slip to mr Bollard. This excursion will only go ahead if enough students pay the fee and return permission slips.

UTS Engineering & IT Discovery Day Tuesday June 15
Years 9, 10, 11 & 12

It is predicted that Australia will suffer from a shortage of engineers and IT professionals in the near future. This is a chance to experience a real-world insight into studying and working in engineering and IT.

To apply students must get an application form from Mr Bollard or Mr Manganaro.
For high achieving students the UNSW Co-op Program offers an ideal combination of challenge and opportunity.

If you are selected to be a UNSW Co-op Scholar, you join the largest and most prestigious co-operative scholarship program of its type in Australia. The 3-way partnership between UNSW, Australia’s leading companies and high achieving students recently celebrated its 20th anniversary and continues to grow with the recent addition of four new programs in 2009.

For the students, a UNSW Co-op Scholarship provides:
- $15,000 pa* for every year of study
- Between 9 and 18 months of relevant industrial training with up to four different companies during your degree
- The opportunity to experience the sort of work you might be doing as a graduate in the field and to assess/be assessed by a number of potential employers
- A Co-op Academic Co-ordinator that can offer advice and support throughout your degree
- Professional development & leadership training during your degree
- Opportunities to network with leading employers and make valuable contacts within your industry
- A social network of friends that can support you through university and last a lifetime

* Scholarships pay $15,000 per year over 4 years for Business & Science degrees and 5 years for most Engineering degrees. See specific programs of study for more detail.

**UNSW Year 10 Subject Selection and Information Evening**

The Year 10 Subject Selection and Information Evenings provide information to current year 10 students on subject selection for years 11 and 12, as well as assumed knowledge, HSC Plus and Admission to UNSW.

Representatives from all UNSW faculties, plus staff from the Student Recruitment Office, Admissions Office, The Co-op Program, Scholarships and student support services are available on the evening to answer your questions on programs and life at UNSW.
Professional Cadetships Australia has over the past three years provided Year 12 students cadetships with leading financial companies. The cadetships involve permanent paid employment as well as study at university.

Applications open on March 19 and close on May 7 2010.

JusDance Studios Offers Quality Yet Affordable Classes

From Tiny Tots Ballet to Jazz/Funk to Broadway to Tap and Fitness Classes, we cater to all ages and all skill levels. Our Teachers are highly experienced as well as professional dancers in the Dance Industry in Australia and Overseas.

Ballet Teacher: Justine Ocampo
Trained at the New Zealand School of Dance, obtaining a National Diploma in Dance Performance. She has danced with numerous companies across New Zealand and Australia. Justine has been an experienced Dance Teacher for 5 years and is a Qualified Fitness Instructor. She is the director of JusDance Studios.

Jazz/Broadway and Tap Teacher: Kirsty Cutting
Trained at the London Studio Centre as well as extensive training with Alvin Alley, New York and Broadway Dance Centre, New York. Kirsty trained and performed with the Northern Ballet Theatre and has been a guest teacher and choreographer for studios and theatres across the UK. She has danced with Mack and Mabel - The Musical 2001 – 2002, UK. Kirsty has been a dance teacher for 10 years.

Jazz/Funk/Hip Hop and Rhythm & Body Dance Teacher: Paul Cordelio
Trained at WAAPA obtaining a Diploma in Dance. Paul has danced for Opera Australia, and for 2 major musicals, The King and I (National Tour) and Westside Story (National Tour). He was employed as the resident choreographer for The Lion King Musical from 2003 – 2005 and was flown to New York to see the show, attend 2 weeks rehearsals in Chicago before commencing on the Sydney season. Paul is a highly experienced teacher of 18 yrs, as well as being a Qualified Fitness Instructor.

Rhythm & Body Dance is an infusion of various dance styles that include Latin, Bollywood, Jazz and Hip Hop. Expect the Unexpected. If you have 2 left feet, it doesn’t matter! The class is designed to burn calories, whip your heart and lungs into shape whilst having a laugh.

Twinkle Toes for Tiny Tots Ballet is a fun and exciting introduction to dance, using imagery, creativity and music.

Broadway Jazz/Musical Theatre Jazz is a theatrical performance style, think ‘Chicago’ ‘Cabaret’ and ‘Westside Story’.

Jazz Funk/Hip Hop is a hybrid style, which combines elements of Jazz, Funk and Hip Hop. It is fun and the latest style, seen on the series ‘So you think you can dance’. Think popular music and video clips; Beyonce, Missy Elliot, Neya.

Tap Class is a great way to improve fitness and co-ordination. It’s about finding rhythms and sounds with your feet whilst having fun. So get tap tap tapping!

In-Home Individual and Group Pilates Mat Lessons are also available.

Private Year 12 English Tutoring.
My name is Isabella Maxwell-Williams. I am a former Rosebay student, currently undertaking a combined BA in Communications (Social Inquiry) and Bachelor of Laws at UTS (Third Year).

Completed HSC in 2007, received Band Six in:
- English (Adv)
- Modern History
- Society and Culture
- Legal Studies
- History Extension (top band)

I have been tutoring in year 12 English for two years now, with excellent results from students. I allow the student to tailor the tutorials to their own needs, which can involve assistance with essay writing, textual analysis, writing technique and exam strategy.

$30.00 p/h

Please feel free to call or text me on:

Free Graduated Licensing Scheme Workshops for Learner Driver Parents in the Woollahra area

Young drivers are three times more likely to be involved in casualty crashes. That’s why the RTA has introduced a new licensing scheme, with more supervised driving practice for learner drivers.

To help parents in supervising learner drivers, the RTA has set up a FREE 2 hour workshop for parents that offers practical advice on how to help learner drivers become safer drivers.

A FREE RTA parents’ workshop will be conducted by David Riches and hosted by Woollahra Council on Thursday April 22nd at Woollahra Council Chambers (536 New South Head Road, Double Bay) from 6.00 pm – 8 pm.

Early bookings are essential, by phoning Woollahra Council on 9391 7112 now to reserve your place, or email Susana.Rowbotham@woollahra.nsw.gov.au
