Higher School Certificate

Congratulations to all our HSC students who have now over half way through the HSC exam timetable. Some students have finished their commitments, whilst others are still going. The Exam supervisors have reported that this year’s group have been exemplary in their behaviour and commitment during the exams. We have also received notification that two of our students have been nominated for possible inclusion in state-wide performances of their major works. These students are Viola Iida for the Dance Callback program and Isabella Antonievich for Music Encore. Congratulations to these students, it is a fantastic result.

Bring Your Own Device

As I have mentioned in previous bulletins, the Federal Government free laptop program for Year 9 students has ended this year. Unfortunately this means that our current Year 9 students are the last group to benefit from this program. As a result the school has been working very closely with the School Council to develop a replacement program that will allow students to continue to access the increased benefits of technology in the classroom and to utilise the skills that teachers have developed over the past years in incorporating technology into their teaching practice. An overriding consideration has been to ensure a new platform would be affordable and satisfy equity concerns for all families.

In short we have, we believe, settled on a solution which addresses most of these concerns however more work will still need to be done. Our Technology team will be issuing more information to students and parents which will provide more detail, however as an overview we are planning to allow students in Years 7-12 to bring any device to school which be able to access our wireless internet connection. Students will be given gmail accounts from the Department and will then be able to store and complete much of their work in the Google Aps cloud environment. This will mean that regardless of whether the student brings an iPad, laptop, tablet or similar device they will have access to the same programs and software as every other student in the class. It has the added benefit that when they move from devices they do not need to transfer the data/work as it is stored in the cloud and is available at any time in any location.

For students without a suitable device we have investigated some low cost devices called chromebooks which will retail for about $350 and which will be perfect for the needs described. The school has secured a class set of Chromebooks to start training staff and working with students during this term to help iron out the bugs before next year. I hope my description has not confused you too much; however a more detailed information sheet will be distributed shortly. I would like to acknowledge the fantastic contribution of Mr Steve Hayes, School Council President and Ms Juliette McMurray, Deputy Principal, who have been leading and researching this area.
Sport Changes in 2014

Sport at RBSC has evolved over the years from a traditional whole school grade sport model with a couple of recreational sports to the existing model that is a combination of grade for years 7/8 and recreational sport. This new proposed model is all about changing the culture and the value of sport at this school. The need for further evolution was very evident to me when I arrived at the school and has been through a consultation phase for a number of years. The main reasons for this are:

- Attendance/truancy.
- Student and staff engagement
- Staff expertise
- Skill Development
- Safety and risk management
- Finances
- School Facilities
- Health and Fitness

What will it look like?

1. Years 7 will follow a Traditional Grade and Recreation sport program on Wednesday afternoons.

2. Years 8 – 10 will follow an Integrated Sport Model. This will mean that each year group will have sport on a different afternoon during the week. Year 11 students will continue to have the option to join the sports program.

3. Allocation and timetabling issues: one teacher per twenty students and one teacher to oversee and facilitate the sport during that sport time.

4. All teachers will complete a ‘Sport Audit’ form where they can document their qualifications, experience and interest in Sport and specific sport activities.

The Sport and PDHPE staff are committed to this new model and are working very hard to plan sports afternoon activities that are skills based and engaging for the different year groups. This model was presented to the P&C and School Council.

Bondi Lions Club Scholarships 2013

These generous scholarships are specifically targeted to help students from financially disadvantaged backgrounds continue on from Year 10 and complete the HSC.

A number of our students have benefited from these scholarships in the past.

This year the Lions Club has gladly donated two Scholarships worth $1500 each to the students at Rose Bay Secondary College.

We at Rose Bay Secondary would like to say thank you to the Bondi Lions for their continued support.

want to make a difference?

Proudly supported by Lions Australia would like to thank InvoCare for its continued support and sponsorship of our membership initiatives.

The New Hospitality Class of 2014 .. Excelling!

Starting early and already excelling, these students are developing their Food and Beverage skills ready for their work placements in 2014.

For the inaugural year 12 Graduation Special awards Luncheon the Hospitality students set up the function room and buffet then served the guests.

Their efforts and teamwork made the function a huge success.
YEAR 12 SPECIAL AWARDS LUNCHEON

This year saw a new tradition evolve at Rose Bay Secondary College with the Year 12 Graduation Special Awards Luncheon. The prize winners at the Graduation Assembly were treated to a lunch on Wednesday, 18th September in the common room, overlooking Sydney harbour. The luncheon was attended by the Principal, Deputy Principals, Head Teachers and the Year 12 Advisers. The special guests were the forty-seven Year 12 prize winners and they were very surprised by the kind and generous gesture proposed by the college.

The luncheon was organised and served by Ms Bertoli and her Year 11 Hospitality class of 2014. The food and beverage attendants were quick to respond to the guests wishes and showed diligence and care as they performed their duties to the highest standard.

The luncheon provided the opportunity for the students to sit with their teachers and mingle in a civilised manner. The students conversed in current news, sports and other media topics and they respected the views of some of our experienced teachers. In turn, the students saw their teachers in a different perspective and appreciated the fact that they do show a stern presence in class, deep down they are everyday people who are easy to talk to and have a sense of humour.

The success of the luncheon will see it as a regular feature on the Academic calendar and it is an opportunity to say thanks to the students who consistently achieve in their school years. Hopefully there will be more recipients next year and the years to come.

RESPONSIBLE SERVICE OF ALCOHOL

On Thursday October 17, 25 students from Year 11 attended the Responsible Service of Alcohol, RSA training in the CBD. As NSW liquor laws mandate responsible service of alcohol training for the liquor industry. These requirements reflect the importance of ensuring licensees and staff understands their obligations in serving liquor responsibly and the types of strategies that can be implemented to add value to a venue’s operations.

RSA training applies to: licensees; approved managers; staff of bars and restaurants that serve alcohol, including promotional staff, involved in the sale, supply and service of alcohol.

The workshop taught students;
• Awareness and prevention of drink driving
• The impact of alcohol abuse
• The responsible sale of alcohol, and much more.

All of the 25 students successfully completed the RSA training, congratulations!
Apprentice Chef
Looking for a career as a chef? This is the start you want!

HTN is looking for food driven individuals to undertake a Commercial Cookery Pre-Apprenticeship Program with the opportunity to score a commercial cookery apprenticeship with HTN at the end.

Participants will gain a real advantage in starting a full time commercial cookery apprenticeship, with suitable participants being selected from this course for positions with HTN.

- FREE training!

Easts Group | Sydney Roosters is an organisation that values its people, their development and future. We are in the business of creating memorable entertainment experiences for our fans and patrons, therefore focussing on ensuring our staff are passionate about what they do. We also have a strong sense of community through our support of numerous charitable initiatives.

We now have a number of exciting full time opportunities for enthusiastic individuals to kick start their career in hospitality as Club Trainees at one of our venues: Eastern Suburbs Leagues Club in Sydney’s east, Berkeley Sports Club in Sydney’s south and Kingswood Sports Club in Sydney’s west, commencing in 2014.

About the Easts Traineeship
Our Club Traineeship program involves training across numerous departments of the Club including Functions, Events, Gaming, Food and Beverage, Customer Service and even the opportunity to work within Club Administration, Marketing and with the Sydney Roosters Membership Team.

In addition to this, Easts Trainees attend TAFE one day per week to strengthen their skill set and consolidate their knowledge. Trainees have the opportunity to complete the program over a 1-2 year period.

Ideal applicants will be:
- Enthusiastic team players
- Display desire & passion to learn and grow a career in Hospitality
- Encompass a high level of commitment & responsibility
- Must be flexible with their availability

What’s in it for you?
- Obtain a nationally recognised qualification - Certificate III in Hospitality (Operations)
- The opportunity to be appointed to an ongoing position within the Easts Group.

How do I apply?
Submit a current CV together with a cover letter stating:
- What attracts you to this position
- What your short and long term goals are
- What values you can bring to the Easts team

To: recruitment@eastsgroup.com.au or visit our website: www.eastsgroup.com.au

This opportunity is aimed at a graduate level as Trainee wages apply. No prior experience is required.

We look forward to hearing from you! Apply now!
Are you looking for an exciting job in the Army?

Defence Force Recruiting is currently looking for females to join the Army as a Surveillance Aircraft Operator.

In this role you’ll operate an Unmanned Aerial Vehicle to be the eyes and ears of the battlefield. It’s an exciting and rewarding job, as the information you gather will be used to keep the troops on the ground safe and out of enemy territory.

You’ll also be trained to monitor and record weather conditions, liaising with the Bureau of Meteorology and using a variety of sophisticated weather equipment to gather and distribute information to assist commanders in accurately directing artillery units through any dangers ahead.

If this role sounds like something you would be interested please contact Jordan King on CPTNSW@dfr.com.au or 02 8831 2243 to make an application today.

King Regards,
Miss Jordan King
